

Fleming Training Center

Announces

Water Treatment & Distribution System

Summary Training

Located in Knoxville, TN and Jackson, TN

**Designed for persons who are unable
to attend the regular basic training
courses held in Murfreesboro**

**(1) Course #1105 – Grade 1, 2, 3, and 4 Water Treatment
Summary (1 day)**

**October 6, 2003 – Jackson, TN and October 16, 2003 –
Knoxville, TN**

This summary class will briefly discuss all aspects of water treatment for grades 1-4. It will focus on rules and regulations and will provide handouts of materials used in the one- and two-week regular basic water treatment classes (including copies of PowerPoint presentations).

**(2) Course #1106 – Grade 1 and 2 Distribution Systems
Summary (1 day)**

**October 7, 2003 – Jackson, TN and October 17, 2003 –
Knoxville, TN**

This summary class will briefly discuss all aspects of water distribution for grades 1-2. It will focus on regulations and safety and will provide

handouts of materials used in the one-week regular distribution system class (including copies of PowerPoint presentations).

Classes are FREE, but attendance is limited due to space restrictions.

Mail or fax in your registration form today.
